ISSF2019

14TH INTERNATIONAL SHARI'AH SCHOLARS FORUM

The International Shari'ah Research Academy for Islamic Finance (**ISRA**), in partnership with the Islamic Research Training Institute (**IRTI**), is proud to bring you the **14th International Shari'ah Scholars Forum 2019 (ISSF2019)** on **31st October - 1st November 2019** at the Pullman Hotel Kuala Lumpur, Malaysia.

The theme of this year's **ISSF** aims to provide relevant knowledge and a better understanding of social banking and financial services from both the *maqasid* and operational perspectives. Therefore, **ISSF2019** provides a high-level platform to discuss features, models and fundamental differences between Islamic social banks and other social banks. As always, this will be done in the spirit of appreciating diversity across key Islamic finance jurisdictions in the operations and regulations applicable to Islamic social banking and financial institutions. The platform will provide the audience with some successful Islamic social finance models and appraise the adherence of Islamic social finance universe to its essential features namely value-based, fair profit, common good, social mission, triple bottom line (i.e. people, planet and profit), real economy, stakeholder approach, ownership structure, relationship banking, promotion of giving back to society and transparency. Dimensions of *maqasid as-Shariah* enshrined in social banking and financial services will also be discussed. The understanding of Sustainable Development Goals (SDG) and Environmental, Social and Governance (ESG) criteria will be further enhanced through the high level of Shari'ah and practitioners' discussions.

After the presentations and rigorous discussions, resolutions will be issued for a better understanding of Islamic social banking and finance services in terms of their compliance with Shari'ah rules and principles, and modern development goals.

ISSF2019 aims to provide a platform for Shari'ah experts, regulators, industry practitioners and all involved in Islamic finance across the globe to share their knowledge, experience and expertise to strengthen and further develop Islamic banking and finance internationally.
